## THOMAS A. MOORE. CONGRESSIONAL ITEMS.

A Washington dispatch to the Baltimore Sun contains the following :

"Capt. W. J. Vance, appointment clerk, has written a letter to friends in West Virginia declining, for personal reasons, to allow his name to be used as a candidate for Congress in the second district of that State under any circumstances."

And who, pray, is "Capt. W. J. Vance," and who are his "friends in West Virginia?" After the above was put in type, the following appeared in the Washington Star :

It is now said that Col. Frank Burr, of the Patent office, aspires to be a candidate on the republican ticket for Congress from the Martinsburg, W. Va. district. Itseemsstrange that Col. Ward Lamon or some other prominent republican of the district doesn't accept this nomination, when it is represented by them to be a "dead sure thing." Burr would, no doubt, make as lively a race as any republican who can be nominated, and is willing to make it.

Let our Republican friends bring on their subjects for the sacrifice, and lay them upon the altar. The Democrats of the second district are ready to slay them.

In the Rupublican Congressional Convention of the Second District, held at Cranberry Summit on the 28th ult., Col. Frank C. Burr was nominated on the ninth ballot .-Col. Burr was born in the State of Michigan, where he spent his early life. When the war broke out he was studying law in the University of that State. He entered the cavalry service, served under Custer and was promoted to Lieutenant-Colonel. After the close of the war he spent three years in Martinsburg, waiting for a law practice. He subsequently published the Pottsville (Pa) Daily Standard, which proved unsuccessful, and he became connected with the New York Times' Washington bureau. In 1878 he left newspaper row to become editor of the Official Gazette of the Patent office. This place he will resign to conduct his unsuccessful campaign.

# AID FOR YELLOW FEVER SUF-

We learn that an invitation was, some time since, extended to O. S. Long, Esq., the cultured clerk of the Court of Appeals, by and the machine ran over him, killing him some of our prominent citizens, to repeat during his stay in our town his lecture and readings, "An Evening with the American Poets," delivered before the students of the State University last winter.

It is now proposed, instead of having a free lecture as at first designed, to charge a small admission fee, and appropriate the entire proceeds to the relief of the sufferers by yellow fever. We believe the reputation alone of Mr. Long would draw a full attendance, but when such an object as this is superadded. it will be a reflection upon our community should not Washington Hall be filled to its utmost capacity. The daily reports of the appalling and we regret to say increasing suffering of our Southern brethren, beneath this scourge, are enough to stir the sympathy of the most callous, and Charlestown, so preeminently blest with health, and (as the times go) with prosperity, must not be behind other communities in some tangible expression of her symprthies. The lecture will be appointted for some evening next week, of which due notice will be given.

The Baltimore Sun of Thursday contains the following paragraph:

Rev. John Hannon, of the M. E. Church South, well known in Baltimore, having been pastor of Trinity and Emmanuel churches, but now pastor of St. Charles avenue station, New Orleans, has been lying ill in that city for some days past with yellow fever. At last accounts his condition was reported as improved and hopeful.

The many admirers of this eminent and eloquent young divine, in this locality, will deeply sympathize with him in his affliction. and carnestly hope for his speedy recovery.

Messrs. Stieff, the celebrated piano manufacturers of Baltimore city, have been officially notified of the fact that they have been awarded by the Judges of the French Exposition a "Medal d'Argent" for the pianos on exhibition, and honorable mention for Mr. Jacob Gross, the Superintendent of the factory. The Baltimore American well says :- "As the Stieff Piano is the only one from America to which a medal has been awarded at the present great Exposition, no one will question the right of this piano to the place it now holds, which is the head of

the list or first of American pianos." An "Independent Greenback Ticket" is announced in the Shepherdstown Register as follows :- "For State Senator, Samuel Davidson, of Morgan county; for Legislature, John G. Unseld, of Shepherdstown, and Jas. Lee Griggs, of Kabletown ; for Clerk of Circuit Court, John E. Erwin, of Harper's Ferry; for Clerk of County Court, H. S. White, of Smithfield.

This route would develop a country which has long needed a railroad, and one which would enhance the valuation of property very much. A Tragedy at Cumberand, Md.

|Special Dispatch to the Baltimore Sun Cumberland, Md., Aug. 30.—About 10:30 this morning Thomas Cook Hughey, a lawyer, shot A. Hooten Blackiston, also a lawyer, inflicting wounds from which he died in less than fifteen minutes. This morning Blackiston, with a client, went into the office of the special auditor of the court and found a second report filed in an equity case in which Hughey was trustee, charging Blackiston with having made an offer to withdraw objections made by him to payments from a trust fund, reported previously, if Hughey would pay fifty dollars, and on refusal, with a somewhat similar proposal to Hughey's attorney, employed to argue exceptions taken from the ruling of the court of the same objections. What follows is substantially what was brought out at the coroner's inquest .-A few minutes afterward Blackiston, with his client, Frank O. Baush, went to Hughey's office, where Hughey was seated at a desk talking with Wm. Brace, a lawyer.— Blackiston said : "Hughey, I've read the report made by you in that case. What it contains in regard to me is a d-d lie. You are a lying s - of a b - ," and struck Hughey two or three blows on the head with his fist. Brace seized Blackiston and Baush seized Hughey, forcing the latter into a

corner. Just then J. J. and J. A. McHenry, lawyers, attracted by the noise, rushed in, the latter taking Blackiston's arm, and, with Brace, trying to persuade him to leave .-Hughey, having gotten from his pocket a five-barrel ed Remington, said "If you advance on me I'll shoot you." To which Blackiston replied, "I am not afraid."
Hughey responded, "You are a son of ——" Before he could complete the sentence Blackiston, a powerful young man, threw off Brace and McHenry and dashed at Hughey when the latter fired. Blackiston struck him two or three times, then they clinched and fell, Hughey beneath. Bystanders seized Blackiston, and Hughey crawled out and ran from his office into an adjoining one, where he remained until the deputy sheriff came and took him to jail. J. J. McHenry, supporting Blackiston, seeing his cheek blanch, said, "Blackiston are you shot?" "Yes, I am," responded Blackiston, and his eyes turned upward. McHenry said, "My God, you are dying! Have you any message for your wife?" Blackiston made no reply, and never spoke or recognized any one, dying in about thirteen minutes after

being shot. A coroner's inquest was held at once, State's Attorney Boyd attending. After hearing the testimony of those who witnessed the tragedy, the jury returned the following verdict: "That the said A. Hooton Black-iston came to his death by a pistol ball fired from a pistol in the hands of Thomas Cook Hughey, whilst said Hughey was defending himself from an aggravated assault made on

him by said A. Hooton Blackiston." Hughey was committed to juil for a hearing on the 3rd of September. The body of Blackiston was removed to his late residence, on West Washington street. He was 32 years of age, a native of Kent county, Md, and a son of David Blackiston. He came to Cumberland about ten years ago, and was a leading member of the bar of this city. The deceased leaves a wife, who is a daughter of Judge Pearre, and an infant son. Thomas Cook Hughey is a native of Queen Anne's county, Md., and came here thirteen years ago, has a wife and one child, and is a law-

CANTHE TRUTH OVERTAKE A LIE?-Inventigation discloses the fact that the lady reported in the Associated Press dispatches, about Aug. 10th, to have died in . Chicago after two weeks' use of some reputed remedy for corpulency, had not taken Allan's Anti-Fat, but had used a preparation put up by a regular physician in Luzerne, Pa. Allan's Anti- Fat is manufactured in Buffalo, N. Y .. by the undersigned. We have already sold over 100,000 bottles of it. It has therefore been taken by thousands, and we challenge proof that it has ever harmed any body, unless the reduction of obese persons from 20 to 60 pounds, leaving them healthy and strong, is considered a misfortune. Furthermore, we hereby offer \$5,000 reward for evidence showing that it contains poisonous or injurious ingredients. We also offer \$5,000 if we cannot prove that it has reduced numbers of persons as stated herein, and always without injury. It is said a lie will outtravel the truth any time; but we trust that those newspapers that have misled the public by saying that physicians attributed the lady's death to the use of Anti Fat (which is only put up by us, the term "Anti-Fat" being our trade-mark), will correct the false impression they have conveyed, by publishing this refutation.

The following is from the personal notices in a recent issue of the Washington Copi-

"Mr. James D. Butt, of Harper's Ferry, has returned home, having successfully accomplished the business before the departments which urged him here for a brief period. This gentleman is a lawyer of ability. and though young, has already in many cases, notably the Mason Ferry case, in which he was retained as special Government counsel, displayed rare qualities of logical power and incisive argument. Possessing the attributes of the Virginia gentleman, coupled with ambition and studiousness, it is safe to predict a successful issue to his future professional career, and a prominent place in the list of learned lawyers of his State."

ANOTHER FAT MAN REDUCED .- H. A Kufuo, dealer in dry-goods, Woodhull, Ill., writes Botanic Medicine Co., Buffalo, N. Y., June 22d, 1878: "Gentlemen-Please find inclosed \$5.00, for which send me, by express, Anti-Fat. I have taken one bottle and I lost five and one-quarter pounds."
